- ▶ Extended Temperature Range
- ▶ 3-Level Brightness Control
- ▶ Navigation Key
- ▶ Dedicated and Protected Emergency Button

See the Difference...

The new Lightning™ Control Head (Patent Pending) from EFJohnson Technologies has the brightest and clearest display on the market today, and is the perfect complement to our award-winning ES Series Mobile Radio. The Control Head can be clearly seen from anywhere in your vehicle.

This new control head uses the same display technology found in military applications such as airborne cockpit and ground-based vehicle dashboard instrumentation, windshield heads-up display, military weaponry and communication equipment. Choose the Lightning Control Head and change the way you look at mobile radios.

EFJohnson Technologies focuses on innovating, developing and marketing the highest quality secure communications solutions to organizations whose mission is to protect and save lives.
